

G.O.P. REJECTS CHALLENGE OF DEMOCRATS

Hays Asserts League Is In No Sense Partisan Issue

FORT WAYNE, Ind., June 13.—Will H. Hays, chairman of the national committee of the Republican party in an address here tonight rejected the challenge of Homer S. Cummings, chairman of the national Democratic committee recently made in Chicago that the Republicans make a partisan issue of the league of nations. Mr. Hays without naming the league nevertheless said:

An American Question.
"The conclusion of the treaty of peace, including all its provisions—when we know what they are—is in no sense a partisan question. It is an American question. In the same spirit in which Republicans during the recent war measured their every act by how they could contribute most to effective action, so now they are determined to meet this new phase of the war problem in that revived spirit of fervent Americanism which is the glorified result of our experience in fire and blood, moving with a full appreciation of our country's duty as a responsible factor in the world of today and tomorrow with the earnest determination to do all that can possibly be done toward the maintenance of peace without sacrificing our own supreme nationalism, the preservation of which in its integrity is the greatest safeguard for the future not only for the citizens of this country but for all peoples everywhere."

Speaking for his party which now controls both branches of congress, Mr. Hays declared, "we shall bring this government back to the limitations of the constitution in times of peace."

"We shall bring up the 'preservation of our institutions,' and 'patriotism.'"

"Among his declarations were the following:
"With all our power we will strive to prevent the further spread of Socialism."

Will Keep Promises.
"We have promised a forward stepping as well as a forward looking program for labor, for business and for the farmer and those promises we will keep."

"That criminal element, organized or unorganized, called I. W. O. or anything else, that goes about this country seeking whom it can destroy—that thing is a traitor to this country, nothing else, and should be treated as such."

"The Republican party will not forget in the stress of other matters, that its protective tariff policies have made the wages of our laborers the highest in the world."

"In the great readjustment ahead, business must have sympathetic help, not antagonistic curtailment."

"There must be strong federal regulation, but not federal ownership."

"We are against paternalism in government and we are against the form of pedagogic paternalism that has developed recently in this country."

No Zone of Twilight.
"There is no zone of twilight in politics or public affairs; right and wrong is as clear as day and the same strict standard of morals, equity and justice must obtain as in any private business or professional matter. When we get our politics entirely on this basis, when we live our patriotism daily, we will do a citizen's full duty, and not until then."

"Let us have a patriotism of Abraham Lincoln and Theodore Roosevelt, not patriotism which moves us only when an enemy is at our gates, but a patriotism which moves us every day to realize what we owe to the country in which we live. The way all creeds and classes arose as one man in the country's emergency is the greatest vindication of our institutions and just as worthy of all creeds and classes was proved in our country's emergency, just so the government must function equally for all creeds and classes."

"We have insisted and now insist that we are as unprepared for peace as we were for war. We slipped along under this Democratic administration without adequate thought of the problems that would confront us just as we did before we entered the war. Watchful waiting, was as fallacious in this as it was as Mexico or as to the failure to prepare for war when war was at our gates, or as to Russia."

"The party had a great duty ahead in 'taking hold of the situation' in Washington," he said "in the interests of economy."

REPORT INCREASING RAILROAD BUSINESS

WASHINGTON, June 13.—Increasing business which it is hoped may offset the railroad deficit sufficiently to make an advance in rate unnecessary was reported by the railroad administration in statistics for traffic last week. In the central western region there was an increase of 64 per cent over the same week last year in the loading of grain and in the northwest the increase was 100 per cent.

Need Three Billions To Keep Up Exports

WASHINGTON, June 13.—More than \$3,000,000,000 of new funds must be provided by private initiative in the next few months, if the United States is to continue its export trade at the present high level it was estimated today by the federal reserve board in the June issue of the federal reserve bulletin.

Cognizance was taken of the doubt expressed by some experts that the existing level can be maintained without serious financial strain.

With the supply of capital short of world requirements, additional long term credits to Europe would deprive this country of needed money while failure to extend credit might result in shortened industry and lessened demand for labor at home, also retarding Europe's economic recovery which is regarded as necessary to the re-establishment of normal conditions everywhere. One essential in the solution yet to be worked out is believed to be continued saving by the American people to increase available capital.

Europe will owe the United States this year a balance of at least \$2,000,000,000. Interest and other returns on American holdings of foreign securities were estimated by the federal reserve board to be not much below \$600,000,000 annually, while the foreign obligations maturing this year will amount to between \$600,000,000 and \$750,000,000.

The treasury's advances to foreign countries have been limited to \$10,000,000,000 of which \$9,500,000,000 has been expended and most of the remaining \$500,000,000 allocated.

An export credit of \$1,000,000,000 may be made available thru the war finance corporation the director of which, Eugene Meyer, Jr., is now in Europe studying the economic situation accordingly it was estimated that means must be found to finance about \$2,500,000,000 of new obligations and to renew perhaps \$600,000,000 of old ones—a gigantic, probably an unprecedented financial problem, the board remarked, but one expected to be solved.

WILL PRESENT NEW PHASE OF DEFENSE

MOUNT CLEMENS, Mich., June 13.—Next week, the sixth of the trial of the \$1,000,000 libel suit of Henry Ford against the Chicago Daily Tribune, will present a new phase of the defense to the jury in Judge Tucker's court. This week's testimony for the Tribune presented a picture of ceaseless turmoil along the Mexican border and in Mexico itself.

Border witnesses were introduced to show that anarchy reigned for years along the border and that the only protection which could be invoked was that of American troops. In opposing the use of these troops the Tribune contended that Mr. Ford "justly earned the designation of 'Anarchist.'"

It was charged at the beginning of the trial that the Tribune's advocacy of intervention in Mexico was based on two motives, a design to aid remote relatives with private interests south of the Rio Grande, and pro-Germanism which sought to keep the United States out of the European war by embroiling it with Mexico.

To this end the plaintiff introduced special articles and editorials from the Tribune alleged to prove pro-Germanism. Reference to interests of relatives of the Tribune publishers was ruled out.

MAKE EDITORIAL ATTACKS ON FRANCE

RIO JANEIRO, Thursday, June 13.—Editorial attacks today upon France, because of the receipts of reports indicating that France is opposing the keeping of former German steamers by Brazil. Newspapers which commented editorially have long bitter articles on the subject. The gist of the editorial comment is that France is being disclosed as a "false friend" if reports are true.

DRINK CRAZED MAN BATTLES POLICEMEN

DAVENPORT, Ia., July 13.—Crazed by drink Sam Vesco, forty, a laborer kept up a running revolver fight with two policemen for several minutes last night before he was shot and probably fatally wounded. The encounter took place a block from the main business section of the city. He had been shooting promiscuously before the police arrived. A dozen shots were exchanged before he was struck.

URGE RATIFICATION OF LEAGUE

New York, June 13.—Resolutions urging ratification of the league of nations covenant which is described "as the end for which the youth of the allied nations were laying down their lives" were made public today by the Church Peace Union. The signers include former President William H. Taft, Cardinal Gibbons, Bishop Luther B. Wilson and Dr. John R. Mott. The resolutions were sent to the senate.

DRAW LINES MORE SHARPLY FOR PACT FIGHT

Both Sides Predict Long and Stormy Debate

WASHINGTON, June 13.—Senate leaders drew their lines more sharply today for the next phase of the treaty fight, to begin early next week around the resolution of Senator Knox, Republican, of Pennsylvania proposing to put the senate on record against accepting the league of nations as now interwoven with the terms of peace.

Predictions Vary.
After a series of conferences and much informal counting of votes there were various predictions as to the course the struggle would take.

Both sides were optimistic, but were predicting a long and stormy debate.

Whether opponents of the resolution should carry their fight to the point of parliamentary obstruction so as to prevent a vote until after signing of the treaty at Versailles was discussed at a conference of Democrats, attended by Senator Hitchcock of Nebraska and several other members of the foreign relations committee. Afterward the senators present gave conflicting views as to the method of procedure but agreed that it must be shaped largely by developments.

Senator Hitchcock said no filibuster would be resorted to and that there would be no serious opposition to bringing the measure to a vote. He predicted that every Democrat except Senator Reed of Missouri would be against it and that they would be joined by about eight Republicans giving a safe majority to vote it down.

Result Would Be Warning.
Supporters of the measure have contended that if more than one third of the senate membership goes on record in its favor, the result will be a warning that the treaty as now framed cannot secure the necessary two thirds when presented for ratification.

If a vote is blocked it would be no surprise if an effort were made to accomplish this purpose thru a round robin similar to that circulated in the closing hours of the last session. The first fight over the resolution when it comes up is expected to center about the section stuck on in committee which would have declared it a policy of the American government that it should co-operate in removing any future menace to the peace of Europe. A motion to concur in this committee amendment will meet sharp resistance and some senators believe the provision will be restored. Senator Fall, Republican of New Mexico cast the deciding vote on this question in committee but reserved the right to support the provision in the senate.

Opponents of the resolution generally are expected to favor the section's restoration with the hope of weakening the resolution.

Will Not Restore Section.
The measure's supporters however, predict that the European section will not be restored. Even if it were, they say the resolution because of its other features still would have the support of Senators Borah, Republican of Idaho and Johnson, Republican, of California, who led the fight to amend in committee and of others who are opposed to any participation in European affairs.

Senator Hitchcock conferred tonight with David Hunter Miller, a member of the American peace mission who assisted in drafting the league of nations covenant.

STOCKHOLM EDITOR ADDRESSES SYNOD

LINDSBORG, Kans., June 13.—An address on religious conditions in Sweden by Dr. Erlend Richter, a Stockholm editor, was the principal feature of the meeting here today of the Lutheran Augustana Synod convention attended by more than a thousand members of the church.

Dr. Richter declared war had not disrupted Sweden and there was no need for moundside help for reconstruction.

Officers for two years were elected as follows:
Dr. G. A. Brandell, Rock Island, Ill., president; Rev. Joseph Anderson, Boxholm, Iowa, secretary; K. T. Anderson, Rock Island, treasurer.

WILL FLY TO DWIGHT

Chicago, June 13.—Lieutenant H. L. Brown, late of the American expeditionary forces will fly to Dwight, Ill., tomorrow morning to attend the soldiers and sailors homecoming which is in charge of Congressman F. L. Smith. Pilot Brown will carry greetings from Mayor Thompson, of Chicago to Congressman Smith and expects to start about 10 o'clock, arriving at Dwight at about 10:45 a. m.

TO OPEN MISSION CHURCHES

ROCKFORD, Ill., June 13.—Mission churches of the country will open a five day convention here next Wednesday.

Urges Labor To Refuse Strike For Mooney

ATLANTIC CITY, N. J., June 13.—Secretary of Labor Wilson, speaking before the convention of the American Federation of Labor today urged organized labor to refuse to support the nationwide strike which had been proposed as a protest against the conviction of Thomas Mooney.

Mr. Wilson told the delegates that the government was investigating the claim that new evidence justified new trial and that he himself was devoting much time to the case.

New Evidence May Develop.
The secretary declared that so far the government's inquiry had shown that the judge and jury before whom Mooney was tried had conducted themselves properly and that on the evidence the jury had to convict. He admitted that new evidence might develop which would alter the situation.

"But," he continued, "for organized labor to participate in such a strike as is proposed would simply mean that labor was trying Mooney, without the benefit of evidence. Very few of us are familiar with all the evidence yet every working man is asked to make himself a juror. Justice cannot be obtained in that way."

Secretary Wilson then turned his attention to bolshevism and was heartily cheered when he asserted that no element of American labor would stand for Bolshevism for a moment when the true meaning of the movement was understood.

"Closely allied to the work of the industrial workers of the world during the past year," "there has been more or less Bolshevism agitation in the United States which has not been to any great extent manifest among the real wage workers of the country, but which has existed principally among the parlor coal diggers of our country."

No Fear for Political Revolt.
"We have no fear of a political revolution in the United States. It may be possible that these parties may be misguiding a sufficient number of the laboring people to cause local disturbances but will be unavailing, but no one in the rank of labor will stand for bolshevism for a minute when he knows what Bolshevism itself stands for."

"They talk a great deal about the dictatorship of the proletariat and we who have been more or less familiar with theories that have been promulgated by Marx and his assertion of the dictatorship of the proletariat had interpreted the dream to mean that a majority of the workers of the land would impose the policy of it and impose it upon the balance of our people. And our workers were not willing to accept even that kind of a principle."

"The workers of this country the laborers who have fought and struggled for all these countries, take the stand that every person who had to obey the laws of a country ought to have a voice to determine what those laws should be and having fought thru all the countries for the accomplishment of that ideal having accomplished it for themselves, then the American is not anxious to impose the same kind of disfranchisement upon other portions of the people that he had fought being imposed upon himself."

Struggle Away from Slavery.
"But the Bolshevists did not even take that interpretation of the dictatorship of the proletariat as their guide. In his long speech before the Soviet at Moscow a little more than a year ago, Lenin laid down the principal of the dictatorship of a few selected so-called advance guards. He held that the proletariat was not to be trusted because it would waver and that this self-selected advance guard would impose its will upon the workers and on the masses. The struggle of the masses has been away from slavery to get away from compulsory labor, and yet it is proposed by this new form of government to re-introduce obligatory labor upon the workers of the world, imposed upon them by a single group of the proletariat."

"The great distinction between slavery and freedom is that under freedom every man shall have the right to cease work for any reason that may be sufficient to himself. We have proceeded to the extent of sacrificing our blood and our treasure against the dictatorship of the monarchial autocracy of Germany which was built up on the self same idea, that the kaiser and his group of advisers knew better what the workers desired and what was good for them than the workers knew themselves."

"The American working-man wants nothing of that kind of dictatorship of the proletariat. The American workingman wants nothing of the political social or economic conditions that have existed and still exist in Russia."

President Gompers after a roar of applause for Secretary Wilson had subsided said the workers everywhere realized that truth of the secretary's statements. He took occasion to refer to Representative Blanton of Texas as

Demand Kaiser Be Tried By Own People

WASHINGTON, June 13.—Demand that the Monroe Doctrine be defined in the covenant of the league of nations since no nation of the world has ever expressly accepted the doctrine and that the former German emperor be tried by his own countrymen, is made in memorandum submitted to the peace conference by General Polcarpo Bonilla, head of the Honduran delegation to the peace conference. The Monroe Doctrine, a memorandum made public here today says, directly affects the Latin-American republics. It has never been embodied in any international document nor has it been expressly accepted by any of the nations of the old or new worlds. It has furthermore been variously defined and applied by Presidents and other statesmen of the United States and for these reasons it is indispensable that in the peace treaty about to be signed it shall be exactly defined so that it shall be written into international law.

The memorandum quotes from President Wilson's Mobile Address and his address to the visiting Mexican editors and adds:

"In view of these facts the United States delegates should be ready to accept and make their own the addition which we propose to the American amendment, incorporating the Monroe doctrine in the text of the covenant of the league of nations. If this is done it will not be an obstacle to the union of the Latin-American countries to form a confederacy and thus realize the dream of Bolivar. Whenever the covenant is signed by Honduras it will contain the express reservation in the Honduras constitution permitting Honduras to join with one or any other republics to form the republic of Central America."

Regarding the trial of the kaiser the memorandum says:

"The Honduranian delegation differs with the eminent lawyers who have drafted the provisions regarding the responsibilities for the war. It considers the trial of the kaiser not according to legal principles, there being no international law or precedent for such a trial."

"The executive of any country is not responsible to anyone except his own people. The only proper course would be to embody in the treaty an article to compel the German government to try all German subjects guilty of acts punishable by law, demanding at the same time certain guarantees as to justice of the sentence. It is probable that this opinion will not be pleasing to this generation but after the heat of the moment is passed the people will realize that it is based on the greatest guarantee of social institutions which is respect for the law."

WILL ADD PREMIUMS TO COVER STORAGE

NEW YORK, June 13.—To preserve a natural flow of wheat from the farm, periodical premiums covering storage charges will be added to the basis price at various guarantee markets according to an announcement here tonight by Julius H. Barnes, United States wheat director.

The premiums will not be introduced during July when basic prices prevailing for the last year will remain in effect. For each succeeding month, however, premiums will be announced thirty days in advance.

Mr. Barnes also announced railroad rates from inter-mountain and Pacific coast territory to Galveston and New York soon will be reduced to 56 cents per hundred, the equivalent of 33.6 cents per bushel. This reduction, Mr. Barnes explained, is intended as a relief to the producers in those sections as the grain corporation cannot pursue its practice of making effective a \$2 blanket minimum price for all wheat at inter-mountain points but will be obliged to confine itself to paying \$2 at Pocatello, Great Falls and Salt Lake City, leaving the rest of the western territory to base on the commercial market most readily reached by it.

To assure a larger flow of wheat to the gulf ports, Mr. Barnes said he had decided to seek an executive order increasing the No. 1 base price at Galveston and New Orleans from \$2.28 to \$2.30 per bushel.

He added he expected this change would become effective July 1.

GRANT DEAR HEARING

Dublin, Ill., June 13.—The case of Earl Dear whose sentence of death for the murder of Rudolph Rolfe, chauffeur for Major Philip Schuyler Deant, the United States supreme court affirmed by dismissing Dear's writ of error and paroles on June 19. The court today granted a hearing in the case.

ARREST IRISH COUNTESS

Dublin, June 13.—Countess Markievicz, a Sinn Fein leader and a member of parliament, was arrested here today. She was taken to Cork under escort.

"Bleating Blanton" for remarks the congressman made recently about labor and then sketched the history of the department of labor.

WOULD GRANT NEW POWERS TO DEPARTMENT

House Adds Score of New Provisions to Barr Bill

SPRINGFIELD, Ill., June 13.—Powers to classify the industries of the state and to determine how many hours female workers might be employed in them, would be conferred on the state department of labor by an amendment to the Barr bill, adopted by the house today. The measure, carrying a score of new provisions added by the lower branch of the assembly, was advanced to third reading after an all day debate.

There is no semblance to the form in which it passed the senate.

While the industries to be classified by the labor department are limited by exemptions, they would include everything not excluded from the operations of the Barr nine hour bill by special provisions.

Would Be Subject to Control.
After a fight the house voted to put mercantile establishments in to the Barr measure and placed a nine hour day and a fifty four hour week limit for women workers in this form of employment where five or more women are employed. This industry, however, according to the interpretation of Mr. Hicks, would be subject to control of the labor department affecting hours of women employees.

Other amendments specifically exempt office workers and employees in hotels and restaurants and these persons would not be amenable to the labor department's direction. Nurses also would be exempted.

An amendment of Mr. Hicks provides that a fifty hour week be fixed in manufacturing industries the length of the day to be determined by the labor department. Another amendment provides that the department have power to make special rulings affecting individuals on petition.

One of the many amendments offered by Representative Lee O'Neill Browne of Chicago, provides that the amendments be nullified by the Hicks amendments provides that mechanical or manufacturing institutions in which employees are affiliated with state or national labor organizations might employ women for more than nine hours a day or fifty four hours a week on emergency contracts paying a scale of time and a half for overtime.

House Passes Brady Bill.
Lines were not drawn on basis of party affiliation today, the attacks on the Barr measure being met by Minority Leader Igou and Representative W. H. H. Miller of Champaign, a Republican.

Slights against the measure led by Representative Browne who locked horns with Igou frequently. The house this afternoon passed the Brady bill providing a tax rate for corporate purposes in Chicago of \$2.15 and in other cities of the state of \$2. The downstate rate is effective for a period of three years without a referendum. A companion bill proposes a Chicago school rate of \$1.80 and a Cook county rate of fifty five cents. The vote was 111 to 8 and 120 to 5 respectively. The measures now go to the senate for concurrence in amendments, and an agreement is said to have been reached.

Representative Lee O'Neill Browne's resolution asking the attorney general to begin an investigation of fire insurance companies in Illinois was favorably reported out by the house insurance committee today.

It did not get to the house tonight. The resolution alleges the fire insurance companies have made a surcharge on all policies since April 1919, on the ground of war conditions and that the surcharge is illegal.

The house passed the Dahlburg bill proposing the redistricting of the city of Chicago by the city council into fifty wards, but killed the measure by the senate author which would have created a criminal registration bureau at Springfield.

Defeat Browne's Attempt.
By refusing to suspend the rules tonight, the house defeated an attempt of Representative Browne to get a vote on his bill proposing an investigation of the sanitary districts of Chicago by a commission.

The bill alleges the district is violating the law in the matter of sewage disposal.

Bills passed by the house tonight follow:

Peace—Providing for a tax of half a mill for the support of the state normal schools for the year 1920.

O. W. Smith—Providing that boards of education in non-high school districts be appointed by county judges instead of being elected.

The house failed to pass the Hicks bill providing for state insurance. It received sixty votes, eleven short of a constitutional majority.

Stop Commercial Messages Via Rail Offices

CHICAGO, June 13.—The second stage of the Commercial Telegraphers' strike will be reached tomorrow morning when railroad operators at 23,000 points in America are to discontinue handling commercial messages under an order issued by the Order of Railway Telegraphers. Such action, strike leaders declared tonight will tie up all commercial telegraph business except between the larger cities in which the Western Union and Postal Telegraph companies maintain their own offices.

Officials of the Postal said that company would not be affected by the order as little Postal business is handled thru railroad stations.

Will Have Little Effect.
Western Union officials while expressing belief that order would be desisted predicted that its results would not be serious.

They estimated that the 23,000 points handling commercial business over railroad wires do not average more than five messages each a day.

Meanwhile officials of the Commercial Telegraphers' Union of America continued to receive reports indicating that the strike is spreading.

S. J. Kouenamp, international president of the union said the number of strikers had reached 23,000; that the strike of electrical workers set for next Monday would add 130,000 workers to the list of those idle, and that by early next week telephone service in many cities and towns will be greatly impaired thru a walkout of telephone operators.

Practically all union telephone operators are members of the electrical workers union.

Committees set to work in many cities today picketing among telephone operators who are being urged to join the strikers.

Asks Brokers to Act.
The brokers' division of the telegraphers' union has been asked to take action. Strike leaders said a walkout of broker operators would block transmission of financial business to such extent that business on Wall Street would be greatly hampered.

Claims of strike leaders that the walkout is rapidly spreading were refuted by officials of commercial companies who said they were accepting business without restrictions and that conditions were practically normal.

The Association of Western Union employees, representing 65 per cent of Western Union workers announced that the small number of strikers in the company had returned to work.

Postal officials likewise stated that conditions were improving and that the Chicago office which was hard hit on the first day of the strike is operating "about 70 per cent normal."

SAYS WOMEN SHOULD BUILD WORLD OVER

AMES, Iowa, June 13.—"Now that women have the ballot they should upset the world and build it over according to their own ideas," E. A. Ross, well known educator and sociologist of the University of Wisconsin tonight told a group of delegates to the Iowa convention of the National Federation of Women's Clubs.

"Women are the equal of men in brains, but far behind in thinking," he continued. "We are living in a man-made world despite woman suffrage and emancipation for women contribute little to the ideas of the world."

"Only one-eighth of the university lectures, one-fifth of the newspaper editorials, one in 171 sermons and one in 190 court arguments come from women. They contribute only one-twentieth of the intellectual food received by the general public."

"Now that they have the ballot, women should pick up the courage and run the world for they are much safer to trust with the world's problems than men."

WANT COMBINATION RAIL AND RIVER RATES

ST. LOUIS, June 13.—Establishment of combination rail and river rates in connection with the federal barge line on the Mississippi was asked of Director General of Railroads Hines today in telegrams from the Mississippi Valley Waterways Association, the St. Louis Chamber of Commerce and the Merchants' Exchange.

The telegrams asks that all rail and water rates to interior points by way of Memphis and New Orleans be put into effect immediately. Interchange facilities are available at these points, the telegrams states.

BOY KILLED

Paris, Ill., June 13.—Frank Moss, aged 20 years son of a wealthy farmer was killed today when the bicycle upon which he was riding slipped and threw him to the pavement. He had been trailing an automobile.

Representative Baker's bill providing for appointment of county superintendents of highways by the department of public works and buildings failed of passage.

The house declined to suspend the rules to advance the Chicago traction bills from second to third reading.

COUNCIL WORKS ON REVISION OF TREATY TEXT

Re-writing Necessary Because of Many Errors

PARIS, June 13.—(By The Associated Press.)—The drafting committee has completed the work of framing the reply to the German counter proposals. It recalls that the principles upon which the treaty is based are such as to preclude the allies from making fundamental concessions.

(By The Associated Press.)
The council of four devoted both its sessions Friday to revision of the text of the peace treaty, preparatory to its presentation to the German peace delegates. Premier Orlando of Italy was not present, having left for home Thursday night to discuss at a secret meeting of the Italian parliament the work of the peace conference, and to reach a decision on some important matters in particular with regard to military preparations in the Italian frontier. Baron Sonnino, the foreign minister, represented Italy at Friday's meeting in place of the premier.

The re-writing of the treaty of peace as announced in Paris dispatches was rendered necessary by the discovery of errors and inconsistencies in the draft as at first presented to the Germans. Many of the changes to be made are of a highly important nature, but most of them are of a minor character.

The latter is particularly true of the reparations clauses, which will be virtually unchanged in the new draft. But the financial provisions will be amended so that the reparations commission will be given discretion to allow Germany to gather a working capital for the resumption of her industries in order that she may meet the requirements of the allies.

The plebiscite in Silesia and changes in the Polish frontier necessitate new clauses, while a revised draft of the provisions on the Danish frontiers is expected. The proposal of the council of foreign ministers with regard to fixing the Hungarian boundaries on Rumania and Czech-Slovakia, has been approved by the council of four.

Holland has joined Switzerland, Norway, Sweden and Denmark in refusing to take part in a blockade against Germany should the latter refuse to sign the peace treaty.

British warships are reported in a dispatch from Stockholm to be bombarding the base of the Bolsheviks at Kronstadt. The dispatch intimates that the Bolsheviks are endeavoring to evacuate the base.

paper.

HOW ABOUT THE RATES

The U. S. railroad administration is carrying publicity advising the people of the U. S. to travel this summer and to make up for some of the time lost during the war period when traveling for pleasure was taboo. Unfortunately the administration is not able to make the summer travel proposal more attractive by offering reduced rates.

THE RECORD OF
FALLEN HEROES.

The record of the burial places of all soldiers of the great war of '61 to '65 is being compiled under authority of the state of Illinois. Most graves of soldiers are marked and the records are in the hands of G. A. R. organizations. There are, however, still other graves of which there is no official record and that fact led the fifth general assembly to make provision for this compilation of records. It is well, indeed, that this movement has

been undertaken and is progressing in such a satisfactory way.

Only in comparatively recent months thru the efforts of the Daughters of the American Revolution have the graves of revolutionary soldiers been located. A proper patriotic feeling has suggested that a similar record should be made for all soldiers of the Civil war, before still other years slip by and the task becomes more difficult. The country today is honoring the memory of its fallen heroes more than ever before, no matter in which war they fought.

THE SEARCH AND
SEIZURE BILL.

The search and seizure bill which has passed both house and senate has been subjected to fast and furious attacks. There have been page advertisements opposing it carried in the Chicago papers and both the Tribune and the Daily News have editorially voiced opposition to the law, or at least pointed out alleged defects. Chief Justice Harry Olson of the municipal court, usually his aid to the opposition.

The main point of attack is that there are certain clauses in the law termed ambiguous and which might be interpreted to sanction the searching of private homes. There is a well established theory of law that within the "sanctity" of the home a man may have the personal privilege of possessing and drinking liquor. Opponents of the law declare that it could be readily construed to make the invasion of private homes possible. With these arguments it seems that Gov. Lowden had a somewhat difficult position, for to veto the bill would make him seem to oppose the wishes of the legislature to provide for the en-

forcement of prohibition. If the argument of the opponents is well-founded, to sign the bill would make the governor approve a law not in accord with the spirit of the constitution.

This situation leads the Tribune to advocate an amendment to the law before the legislature adjourns. One point that opponents to search and seizure have not made clear is how the law has been operated in other states, for similar measures have been on the statute books of other states for years gone by.

THE CATTLE
FEEDERS TROUBLES.

Continued falling off in the price of feed is causing both sorrow and consternation among feeders. These men face almost certain losses for if they market cattle now they must take prices as low or lower than those at which they purchased some months ago and will have little chance of getting back the real value of the corn fed.

Cattle feeding is one of the gambling chances that the farmer takes. The feeders are feeling especially bad this time because the market reviewers and government experts assured them all along that a world shortage of cattle existed and that a fair price was certain.

IT'S A MORGAN
COUNTY CELEBRATION.

It should be clearly understood that the Home-Coming celebration planned for July 4 in honor of the soldiers of Morgan county is distinctly a Morgan county affair. The plan was outlined in compliance with the request of the National Red Cross organization which is fostering home-coming celebrations in the counties of all the states of the union. The celebration is to be held here because this is the county seat and the central point.

The larger part of the necessary fund will be contributed by Jacksonville people altho the various precincts of the county have been made certain amounts. There can be no thought of business profit connected with the homecoming plans from a Jacksonville standpoint. Nearly all stores will be closed and the presence of thousands of visitors from the county precincts will thus have no bearing on "local" trade. The homecoming plans mean simply a great big day of thanksgiving with everything possible done to give pleasure to the soldiers and the people generally.

The motive is to let the soldiers know that their services and sacrifices are appreciated by the friends at home. This is a county wide celebration, not a Jacksonville affair.

A GOOD CONSPIRACY.

There is a natural relationship between successful men and ambitious boys. The forward looking program of Scoutmaster Americans. The foundation principle of Rotary is patriotism. When the ideals and the principles of these two organizations—Rotary and scouting—are analyzed, they are seen to contain the same qualities.

When the church and scouting strike hands to work together for boys the conspiracy is a good one. When the schools and scouting agree upon a program for boys, it is well for boyhood. And when Rotarians and scout leaders work shoulder to shoulder to train boys for good citizenship, the highest court in the land will pronounce the conspiracy a good one.

IN THE ROLE
OF FOSTER FATHER.

Just by way of illustrating what the federal board for vocational education is doing for our wounded boys, take this case which is one of thousands who are being helped to overcome their handicaps.

Away back early in the war one of the boys got a frightful wound in the leg and was carried to the hospital half crazy with the pain. After the other effects had passed, he was told that his right leg had been taken off just five inches below the hip. "Were they to let his mother know, or his father?" He shook his head. "You see he didn't happen to have any father or mother. In fact, it developed that there wasn't a single soul that that boy knew who would be interested to make life worth while for him, after he got back to his town with a wooden leg and a shattered cure."

There were lots of complications too. He had been so anxious to get an education that he had borrowed the money to go through high school, because he had hopes of entering the banking business later on. With no right leg and no money, it looked for a while as though there wasn't any heart either to go on and fight it out. But it was there, and the only thing needed to discover it was the exercise of a little intuition on the part of a special agent of the federal board for vocational education. These special agents are endowed with a kind of super sense. They knew when a man has some possibility hidden away that even he himself doesn't know about. The possibility they found here was a good enough bet to stake a pretty fair sum of money on, and that is what the board did.

He was sent after his discharge to commercial school, and completed a course in commercial subjects. And then the possibility didn't seem to be an end for he was found to have made such good progress that he was given a collegiate course in banking and economics so that his field of activity could be considerably widened.

Sometimes, he says, he stops and thinks of that first day when he wished so hard for somebody to care, and then of today when he is doing the one thing that he has always wanted to do, and

hardly dared to hope for. This is just one out of the thousands of cases on file with the federal board.

Rippling Rhymes
By Walt Mason

Junetime.
How beautiful this old world is, along about this time of year!
I look around and cry "Gee whiz!"
It makes me glad just to be here!
I would not give a pica-yune for one who lets the teardrops leak;
these are the famous days of June
of which the well known poets speak.
In all the ages bards have spilled about this season's joys and charms, have sung the lilies of the field and handed nose-gays to the farms.
Inspired by June, the poet squirrels, and like the groundhogs, leave his hole, and chants a lay in ringing terms, with all the fervor of his soul.
And though we pelt the bard with bricks, because we're down on odes and things, he voices thoughts that we poor hicks can't give expression, when he sings.
In June we all would poets be, if we knew how to handle lyres; the brooks, the woods, the flowery lea all serve to light poetical fires.
Emotions strange our bosoms thrill; we wish we had a harp or pen and could emblazon the sunlit hill, the zephyr singing through the glen.
We'd like to voice the thoughts that throng about the landscape and the skies; we'd plan a noble song, and end by saying, "Dern the fies!"

Wanted—Reliable middle age or elderly man to do light work about the farm. Good home for the right person. References required. Address W. J. care Journal.

DEATHS

Gordon.
Mrs. Mary Elizabeth Gordon, for many years a resident of this city, died at Passavant hospital at 12:45 o'clock Friday afternoon. The Mrs. Gordon had not been in good health for a number of years she had in recent months seemed much better until she sustained a fall about a month ago. Since that time she had grown gradually weaker until the end came as indicated.

Deceased was the daughter of William and Catherine Ann Raynor and was born in Bellport, Long Island, N. Y., September 23, 1839. Her parents were both descendants of families closely identified with the early history of the country.

She grew to womanhood in her native state and received educational advantages out of the ordinary in those days.
November 25, 1863, she was united in marriage to Ellphalet Smith Gordon of New Hampshire, at Pleasant Plains, Cass county. He preceded her in death in 1880. They were the parents of one daughter, Miss Clara Raynor, who is the wife of M. H. Havenhill of this city. She also leaves one granddaughter, Miss Lillian Havenhill of Springfield, who is connected with the state library.

Mrs. Gordon was the last member of her immediate family. Besides the daughter and granddaughter, she leaves three nieces, Miss Emma Raynor of this city, Mrs. E. T. Rickard of Homer and Mrs. J. L. Fitzhugh of Mt. Vernon, N. Y., and one nephew, Howard C. Raynor of New Canaan, Conn. She also leaves two sisters-in-law, Mrs. William T. Raynor of this city and Mrs. Eugene Raynor of Champagne. The relation with these has been very close.

For many years Mrs. Gordon has been a resident of this city, her home in recent years being at 729 West State street. She was a member of the Congregational church and had been a faithful member for over forty years. The retiring in disposition Mrs. Gordon was a woman of fine Christian character and her influence in the community was always for those things which tend to the betterment of humanity.

Brief funeral services will be held from the residence of her daughter, Mrs. M. H. Havenhill, 706 West State street this afternoon at 4 o'clock in charge of the Rev. W. E. Collins, pastor of the Congregational church. Owing to the ill health of members of the family the services will be private.

DEATHS 123456 908... 6 6
Charles Wesley Davis of 321 Anna street died at 6:15 o'clock Thursday evening. Death resulted from hardening of the arteries after an illness of several weeks.

Deceased was born in Pittsfield December 10, 1886 and had resided in the state all his life, coming to Jacksonville a number of years ago. He was united in marriage to Miss Maggie Wafal in this city April 1, 1915 who survives together with two children William and Lillian.

He also leaves father and three brothers, Theodore Davis and Edward Davis, Pittsfield, and Russell Davis, Kansas City, Kans.

Mr. Davis was a member of McCabe M. E. church and was a man highly regarded by all who knew him.

Funeral services will be held from McCabe M. E. church Sunday morning at 10:30 o'clock. Burial will be at Pittsfield.

NONE BETTER.
Hundreds of other farms for sale at the Upham agency and for this reason I may be able to suit most any prospect. B. R. Upham Agency.

Ladies' Aid Society of Woodson Christian church will hold an ice cream social Saturday on church lawn. Everybody welcome.

REGULAR WORK OF THE
Y. W. C. A.

National Organization.
The Y. W. C. A. has a National organization with National headquarters, which unites, strengthens and standardizes the whole Association Movement. It keeps before the members the vision of the world's work, provides trained leadership, cooperates with other national organizations, and makes possible the doing of outstanding pieces of girls work which are of national needs. The war work would not have been possible if the Association had not had a strong, efficient, permanent National organization.

Field Committees.
The National Headquarters work through eleven Field Committees of the National Board. Each field has headquarters and a staff of national secretaries, whose work is to study those needs thru extending, strengthening and standardizing Association work. The Central Field Committee includes Wisconsin, Michigan, Illinois and Indiana.

Local Associations.
The local Association, city, town, county, or student, is an expression of the idealism and desire for service of the women and girls of the community. It is not an organization or an institution, but a movement working with the girls, not for them, uniting them that they may have more abundant lives and useful lives.

The Industrial Girl.
There are six million industrial girls and women in the United States. They face, many of them, tremendously difficult problems. It is most important that they have the right sort of leadership. The Young Women's Christian Association, because of the success of its industrial work, is well prepared to assist these women in their problems, to help them adjust themselves to conditions, to work for the establishment of laws that give them justice, to house them cheaply, safely and comfortably, to see that they are properly fed. Its Industrial Women's Service Centers take the work to the factories or central places accessible to the girls. Its Industrial Committee is backing all the legislative issues that are for their protection and welfare.

The Business Girl.
There are six million business and professional women in our business world today, some of them highly successful, and others barely existing. The Y. W. C. A. is helping to increase their efficiency by furnishing home life, recreation and educational classes. It works to make them more responsible and useful citizens, and to create among them a feeling of unity so that they may advance their own interests of womanhood as a whole.

Foreign Born Girls.
The International Institute thru close touch is establishing a friendship with the non-English speaking foreign-born women, which is building up in the hearts of the foreign home the foundations of the United America. Community centers for foreign mothers, boarding homes for foreign girls, English classes, visits of workers who understand their own language are putting love and loyalty for America into the hearts of some of the two million non-English speaking women in our country. There are now forty-eight International Institutes and three hundred employed workers in touch with forty thousand families. They issued in 1918 pamphlets in forty-nine languages on one hundred and thirty-two subjects. The Y. W. C. A. hopes to organize two hundred International Institutes in 1919.

Town and Country Girls.
Whether the sacrifice of the men who went to war, enduring unutterable loneliness, hardship and drudgery, and laying down their lives to prove a principle of democracy, has been worth while or not will be worked out in our rural communities and small towns and in large measure by their girls and women. The trained leadership of the Y. W. C. A. is bringing to the girl on the farm, in the small town the privilege of organized play, community service, summer camps, educational and religious classes. It aims to help the girl to find herself, steady her thought, enlarge her interests, puts her to work in her own neighborhood, and makes her a better citizen.

The City Girl.
The City Association is the best known of all branches of the Y. W. C. A. work, where the girl is given the companionship and leadership of trained secretaries whose work covers almost every phase of welfare work for girls, including housing, recreation, employment, information, educational classes, religious work club work and cafeterias. The work for the city girl is comprehensive, intensive and efficient. It serves the home girl as well as the girl away from home.

The College Girl.
Our college girls are forceful, intelligent and resourceful. They will be useful citizens whether they become mothers or wage earners. A college woman with an ordered mind, a balanced judgment, and a Christian purpose, can make the greatest possible contribution to the leadership of the future. The Y. W. C. A. is working in seven hundred universities, colleges and normal schools, thereby contributing to the development of leadership for Christian World Democracy.

The Girl Overseas.
The work of the Y. W. C. A. in France has attracted the attention of the women of the world. Extension of Association work in the countries of Europe, Asia, and South America is being urged by the women of these countries. The Y. W. C. A. is a Girls League of Nations.

Social Events

Chio Circle Met
At Litterberry.

Members of the Chio Circle of the Litterberry Christian church were entertained Friday afternoon by Mrs. Claude Petefish and Mrs. Coy Stice, at the home of the former. There was quite a large attendance of the members and a number of invited guests were also present. Following the brief business session came an interesting program. During the social hour which came afterward the hostesses served delicious refreshments. The program carried out was as follows:

Scripture reading, 24th Psalm—Mrs. Elta Young.

Paper on life of Dr. Shelton, missionary to Tibet—Mrs. Harry Martin.

Poem, "The Birth of Our Flag"—Mrs. Orville Crum.

Paper on "Courtesy to Our Flag"—Mrs. C. A. Litter.

Roll Call—Items of general interest.

Musical selections—Mrs. Orville Crum.

Mound Woman's Club Met With Miss Tholen.

The Mound Woman's club met with Miss Tholen of West Lafayette avenue Friday afternoon with a large attendance of members. After the business session Mrs. Featherston who is engaged in child welfare work in this district made a splendid address. Mrs. Featherston emphasized the necessity of providing educational facilities and recreation for children. The hostess served dainty refreshments.

FINE OPPORTUNITIES.

A fine choice section of land of 640 acres at \$275 an acre. One of the best corn farms in Illinois. Prairie and two sets of good improvements. Crops for 20,000 bushels of corn. An all round corn farm and for same by B. R. Upham. Adjoins Sangamon Co.

ATTENTION, ELKS

CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Oral Simpson of Palmyra paid the city a brief visit Friday.

Mr. and Mrs. E. Scott of Durbin were Jacksonville visitors yesterday.

Mr. and Mrs. E. R. Hembrough of Asbury paid the city a brief visit Friday.

Patricia Walbaum and family helped represent Orleans in the city yesterday.

John Erickson of Alexander paid the city a business visit yesterday.

L. F. Chilton of Island Grove was a business visitor in the city Friday.

Edward Davis of New Berlin was among the local business visitors yesterday.

Henry Meyer of New Berlin has returned from overseas service of a year or more.

Casper Luken and family of Waverly were among the Friday visitors in the city.

Thomas Hale of Peoria is visiting his mother at the residence of Mrs. Frost on West State street.

Jesse Bateman of Waverly traveled to the city yesterday.

R. B. Ommen of Chapin was a city caller yesterday.

REGULAR SESSION OF MATT STARR POST

Presentation to Rev. J. F. Langton—Report from State Encampment.

At the regular meeting of Matt Starr Post G. A. R. yesterday afternoon a unanimous vote of thanks was tendered Hon. Andrew Russell for his gift of \$25.00 for Memorial Day expenses. Thanks were also voted the trustees of Centenary church for their generous permission for the use of the church; to all who loaned flags, furnished flowers, automobiles, carry all and in any manner assisted in making the day a success.

At the close of the formal exercises Rev. J. F. Langton, who was in waiting, was invited to enter when Capt. J. M. Swales presented the reverend gentleman a beautiful gold handled umbrella with the following remarks: My Dear Mr. Langton:

Speech by Capt. Swales.

As chairman of the committee on program for Decoration Day it gives me great pleasure to say and I believe I voice the sentiment of this post when I say we are all devoutly thankful to you for your splendid and inspiring address on that occasion. Replete with eloquence and logic and sound reasoning it furnished food for thought in these perilous days through which we are passing. All that we of the old Grand Army have done from the crimson fields of the civil war is at stake and if we fail to win a lasting peace as a result of the great world war, our sacrifices of the past will all have been in vain, and a government of the people, by the people and for the people will perish from the earth. Your address, my dear sir, filled us with a new hope, a new desire to fight on and on till freedom's banner shall float in peaceful grandeur throughout a war stricken world and the father of God and the brotherhood of man shall be more than as of sounding brass and tinkling cymbal.

Now on behalf of my comrades allow me to present you this little token of our appreciation and gratitude for your Memorial Day oration with the hope that God may permit you to deliver many more along the same patriotic line after the last Grand Army man has passed on to his last eternal bivouac on fame's eternal camping ground.

Mr. Langton was too much overcome for a few moments to reply but as soon as he gained control of his emotions he spoke most beautifully. Owing to the gentleman's well known modesty the writer didn't dare ask him to repeat the address to a shorthand reporter so reproduces solely from memory a few sentences.

In Response.

Gentlemen of the Grand Army of the Republic: I am indeed overcome by this act on your part. I have made a good many addresses in my life and on all sorts of occasions but this year is the first time I ever addressed the Grand Army on Memorial Day and let me assure you I regard it as the greatest honor ever conferred on me.

My father and grandfather were both soldiers and I am proud of the fact and only regret I could not have served my country in the same way. I am proud of the valor and deeds, the sacrifices and hardships of the soldiers of the great war and I rejoice in the many efforts made for their comfort and the numerous organizations which labored so earnestly for the welfare of the defenders of the land.

You veterans had no such good things; no Red Cross, Y. M. C. A., Y. W. C. A., Salvation Army and Knights of Columbus added to the measure of your comfort. You slept on the bare ground; you suffered cold and hunger; poor and insufficient food; you rode in dirty freight cars and often had few and poor hospitals and many times none at all and yet all was borne uncomplainingly even the tortures of the cruel prison cells in which some were confined.

My father was colonel of the Second New York regiment and was badly wounded and was in a hospital in New York when word was brought that Lee was on U. S. soil and my father told the doctors he was going to the front. They told him it would kill him but he replied that if Lee triumphed the country was gone and he would go with it.

I used to teach my little brother a catechism which was: "Who won the battle of Gettysburg?" "Father and the Second New York."

"What forces were on the battlefield?" "Father and the Second New York."

"What did they do to the rebel army?" "We wiped them off the face of the earth."

Once my father overheard the lesson. I had been born since the war and so felt justified in what I said but father told me I was wrong. All he would admit was that he was in the battle and in it he was the one that killed him as the doctors said it would.

You gentlemen have done the greatest work for had it not been for your efforts there would have been no United States to take part in the great war for democracy.

I feel that indeed momentous times are upon us and we must stand for right. I fear all means and measures which divert the government from the one great and grand purpose for which you fought, the freedom of American institutions and the preservation of this, our noble government, free from entangling alliances. Again I thank you.

At the close of the gentleman's remarks the old boys gathered about and shook his hand heartily and enjoyed a brief time socially.

Comrade S. O. Barr who went to the state encampment, gave an interesting account of the meeting. He said the line of march was about a mile long and the streets were wholly cleared so it seemed as if there were a million children along the walks.

Why Be Uncomfortable

When fine appearing, good quality, "Summery" clothing can be had so reasonably priced? Put away the heavy clothes—they'll keep—and wear the cheaper, cool clothes—

The Mohair and Palm Beach

See 'em in our window. Come in and try 'em on. Get yours while the line is complete.

T. M. Tomlinson

The sessions of the encampment were very interesting. Commander ex-Governor Fitter, made a splendid presiding officer.

L. Gohsen was chosen delegate from the 20th district to the national encampment and S. O. Barr alternate.

The people of the city of Rockford were very polite to the old boys. They turned out with automobiles and rode them about the city for two and a half hours. Everything passed off well. The Women's Relief Corps made a fine showing with a large membership and much money raised.

FARM FOR SALE.

SERGT. WILLIAM RIDDER AT ALEXANDER HOME

Sergt. William Ridder, son of Stephen J. Rider of Alexander, arrived at home Friday with an honorable discharge from the army service. Sergt. Ridder was among the first of the Morgan county men to enter the army service and has been at Camp Taylor, Ky., during the entire period. He found the army life a very interesting one but at the same time is glad to once again be a civilian.

Altho he had an active part in the St. Mihiel and Argonne forest offensives, he was at no time injured, and his army life was for the most part a pleasant experience. In common with other returned soldiers, he has nothing but words of praise for the work of the Red Cross, the Salvation Army and the Y. M. C. A., and declares that these relief agencies are entitled to great credit for their efforts during the war period.

J. J. Bell of Pisgah paid the city a visit Friday.

You Need Not Suffer from Catarrh

But You Must Drive it Out of Your Blood to Get Rid of It Permanently

You have probably been in the habit of applying external treatments, trying to cure your catarrh. You have used sprays, washes and lotions and possibly been temporarily relieved. But after a short time you had another attack and wondered why. You must realize that catarrh is an infection of the blood and to get permanent relief the catarrh infection must be driven out of the blood. The quicker you come to understand this, the quicker you will be cured. "S" Swift Specific Company, 432 Swift Laboratory, Atlanta, Ga.

ICE CREAM "of Velvet Smoothness"

"Velvet" exactly expresses the cream made by us. The ingredients are pure and our manner of manufacture assures you of an article deliciously smooth and delicate.

ICE CREAM A FOOD

As a body builder good ice cream contains more food value than meat; it essentially is a hot weather food. It is beneficial to the invalid, fine for children, and the best ever for the older folks.

The makers of MUNSING UNDERWEAR have discovered the secret of fitting men perfectly. FRANK BYRNS Hat Store shows most any size.

SOME GOOD ADVICE.

AS YOUNG AS YOUR KIDNEYS. This prescription has powerful influence over the kidney. The secret of youth is the elimination of poisons from your body, this done you can live to be a hundred.

Mr. S. C. Temple, a druggist for more than thirty years, says: "Watch the kidneys! they filter and purify the blood, all of which blood passes through them every three minutes."

Mr. Temple, a druggist of Alton, Illinois, has sold more SYSTM than any other druggist in the United States. Mr. Temple's directions to the patient are as follows:

Take a tablespoonful before each meal and before going to bed. This is the treatment for the first day only. Then, every fifth day taken a tablespoonful before retiring and repeat the dose before breakfast.

Lulu-Davis Drug Co., at Jacksonville, Ill., will mail you a bottle, postpaid.—(Adv.)

Refrigerator Time

We have in a splendid line, large and small, the real ice savers. If you haven't got a refrigerator, or the one you have seems to be an "ice eater" instead of a food preserver, see us at once. A good refrigerator will pay for itself, in savings, in one hot season.

How's Your Garden

Don't let the bugs and insects destroy your vines and plants. Take 'em in time; get a sprayer from us, and supply of Paris Green, Insecto or Arsenate of Lead—They'll do the work.

Miss Lois Paschall of Virginia, is visiting her aunt, Mrs. Gertrude Richardson on East College avenue.

A RAILROAD TICKET

and a Camera

The railroad ticket is a very necessary part of the vacation equipment but it is not to be compared with the value of a camera in taking pictures before you start, en route and after you get there. Do not fail to be equipped with a camera. A vacation, no matter where you go, cannot be completed without the means of taking clever pictures, which afterwards supply tangible evidence of faces you met and the places you visited. A camera costs but little.

STARTLING REPORTS COME FROM PEORIA AND SURROUNDING TOWNS ABOUT DALY THE "TONEAL MAN"

COMING TO JACKSONVILLE AND WILL GIVE BAND CONCERTS, VAUDEVILLE DEMONSTRATIONS NIGHTLY

Harry E. Daly, the young man who has acquired an immense following throughout the west by his theories and medicines will visit Jacksonville, Monday, June 16th. In speaking of his stay in this city Daly has this to say: "I shall remain in Jacksonville about three weeks. I have come here more for a rest than anything else, as I have been working hard in the west. However, I shall take this opportunity of introducing my preparation to the people of Jacksonville, and proving to them how little sickness there would be in this city if they would guard their stomachs as they do their pocketbooks. "There is sure very little the matter with the American people, other than stuffed up, overworked digestive organs, but there

is a surprising amount of the condition, and in consequence most of us are half sick part of the time. My medicine is not like the marvelous preparation we read in advertisements, that will bring the dead back to life. It is nothing but a stomach regulator and tonic, but it is the best thing of the kind I know of on the market today and will make a balky, overworked stomach get down to business in about thirty days. It will convince an awful lot of people of this before I leave the city." Daly carries a number of vaudeville people and will give a series of entertainments at the Billy Sunday lot. There will be a free show every night, and a splendid program has been arranged Monday night. Show starts at 8 o'clock.

DR. CARSON Chicago Specialist

In the treatment of Chronic Diseases, will be at the Dunlap hotel, Jacksonville, Illinois, Wednesday, June 18, 1919. One day only. Return every 28 days. Hours, 8 a. m. to 4 p. m. Seventeenth Successful Year in Jacksonville. Consultation and Examination Free

Dr. Carson makes a specialty of the treatment of Chronic Diseases of both men and women. His extensive practice has made him so proficient that he can successfully treat chronic diseases. This is why he has continued his visits year after year. You should consult him if you have any Chronic Disease. A Specialist who has made a lifetime study of such diseases is certainly prepared to give you the best results, and if you are sick you need scientific treatment. I invite you to call and investigate my method of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern up to date methods of treating diseases are what you need.

Dr. Carson treats Diseases of the Lungs, Heart, Blood, Skin, Nerves, Stomach, Liver, Kidneys, Intestines, and Bladder; Catarrh, Ringing in Ears, Deafness, Paralysis, Neuritis, Epilepsy, Headache, Gout, Eczema, Beriberi, Appendicitis, Gravel and Rheumatism.

DR. CARSON, FISSURE AND PILES, RECTAL DISEASES TREATED WITHOUT SURGICAL OPERATION

NERVOUS DEBILITY
Nervous and dependent; easily excited and irritable; weak; debilitated; tired mornings; without ambition, energy or strength. Lifeless, easily fatigued; distrustful and without confidence in yourself; Sunken, red or blurred eyes; pimples on face; weak back or deposit in urine?

WONDERFUL RESULTS
have been obtained by his treatment. You should consult him if you have any Chronic Disease. A Specialist who has made a lifetime study of such diseases is certainly prepared to give you the best results, and if you are sick, you need scientific treatment.

Dr. Carson spares no effort in the treatment of his patients. He knows that the best results mean as much to him as to the patient. Most of his new patients come through the recommendation of others whom he has treated.

Consultation and Examination Free and Confidential.

A TEXAS WONDER

The Texas Wonder for kidney and bladder troubles, gravel, diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. It not only cures your ailment, but is sent by mail on receipt of \$1.25. One small bottle is two months' treatment and often cures. Send for sworn testimonials. Dr. E. W. Hall, 2925 Olive street, St. Louis, Mo. Sold by druggists.—Adv.

LIQUOR SMUGGLERS HAVE LITTLE LUCK

WASHINGTON, June 13.—Smugglers who have attempted to run the blockade of war prohibitions laws to bring liquors into the country have met with small luck and officials of the customs service believe similar attempts under national prohibition will not be more productive. Several thousand gallons of intoxicating drinks and a number of automobiles confiscated from "bootleggers" testify to the effectiveness of the customs inspection. The automobiles can be disposed of by the government at any time, but the liquor is provided a difficult problem as it must be sold before midnight of June 3. Auctions have been ordered in an effort to get rid of the property. Liquor captured in dry territory, will be taken to a nearby port of entry in state where it will be sold. Liquor captured in Maine, for instance, is to be sold in New York.

REDUCES SIZE OF RING FOR BOUT

TOLEDO, O., June 13.—Jess Willard and Jack Dempsey will meet in their world's heavyweight championship contest here July 4 in a twenty foot ring instead of the regulation twenty four foot enclosure. This announcement was made by Tex Rickard promoter of the contest tonight after he had obtained the consent of both men. Rickard said that reducing the size of the ring will enable him to save 400 square feet at the ringside to install additional press seats, the demand for which has exceeded all expectations. "You can make it fifteen feet square for all I care," was Dempsey's reply to Rickard's proposal. When Willard heard what Dempsey said, he made the statement: "It does not make any difference to me what size you make the ring. The smaller it is the harder it will be for Dempsey to get away from me."

It was revealed today that the champion is close to his fighting weight and that he expects to enter the ring weighing about 245 pounds, which will make him four and a half pounds lighter than when he fought Jack Johnson at Havana. Willard scaled 252 pounds after the workout yesterday. He has reduced about fifteen pounds since his arrival here two weeks ago.

FOUR INDUSTRIES COMBINE

Rockford, Ill., June 13.—Four of the larger local industries, the Eclipse Gas Stove, American Foundry, Trahern Pump company and the Viterous Enamel Manufacturing company, have combined with a capital of \$1,500,000, it became known today. The merger includes the purchase of 75 acres in the industrial center.

CALLS COMMITTEE MEETING.

Washington, June 13.—Chairman Dillingham today called a meeting of the senate privilege and elections committee for Tuesday at which time the question of investigating the Ford-Newberry election contest will be considered. A resolution introduced by Senator Pomerene, Democrat of Ohio for such an investigation is pending before the committee.

GAVE LAWN SOCIAL.

An ice cream social was given on the lawn of the Congregational church Friday evening by the Yojasovi Camp Fire Girls and was liberally patronized. The boys of the Wigwam assisted in serving.

Misses Ruth and Mollie Mayes of Meredosia were automobile visitors here Friday.

REPORT VILLA HAS MARRIED AGAIN

MEXICO CITY, June 4.—Correspondence of the Associated Press. Francisco Villa the bandit leader has been married again according to a story told by a traveler to the newspaper. Excelsior of this city. The traveler claims to have been present at the ceremony which he says was performed at Valle de Allende, near Parai, Chihuahua. Villa is said to have appeared suddenly one day in the village and ordered all the inhabitants out for a fiesta. The marriage according to the traveler was performed by a former judge with two of the Villa guards as witnesses. Afterward there was a feast and a dance at which Villa introduced his bride, a girl of 20 years and delivered a speech. Villa is said to be the traveler to have been accompanied by Felipe Angeles and several others of his favorite lieutenants.

The Mitchell meeting under the big tent on South Main St., begins Sunday evening, June 15th.

SPECIAL SESSIONS TO RATIFY SUFFRAGE

ST. PAUL, June 13.—Governors of twenty-one states had promised to night to call special sessions of their state legislatures to ratify the suffrage amendment, according to messages received by Governor Burnquist. Governor Burnquist had wired them he would call a special session if enough other governors would do likewise to get the necessary 36 states to ratify before the next presidential campaign.

Negative replies were received from seven governors and four were regarded as non-committal. Favorable replies were from the following states: South Dakota, Illinois, Arizona, Pennsylvania, Massachusetts, Wisconsin, Alabama, Michigan, Arkansas, Kansas, New Hampshire, Ohio, Iowa, Colorado, California, Rhode Island, New York, Maine, Indiana, Nebraska and Missouri.

HARRY FRANZ RETURNS

Harry Franz, who has been in service overseas with the 39th Cavalry, arrived in Jacksonville early this morning.

FLAG DAY PICNIC

In honor of Flag Day the members of Rev. James Caldwell Chapter, D. A. R., and their guests, will enjoy a basket picnic this evening on the lawn at the residence of Miss Elie J. Trabue, 1605 Mound Avenue.

Don't wait to order a summer suit of Knoles'.

Mrs. Juanita Torres Villa, who lived for a time in Los Angeles has claimed to be the only lawful wife of Francisco Villa.

BAVARIA OFFERS REWARD

Zurich, Wednesday, June 11.—The Bavarian government has offered a reward of 30,000 marks for the capture of the communist leader Levin, the only member of the Munich soviet who has

George Coultas of Murrayville was among the business visitors in Jacksonville Friday.

STRIKE HOLDS UP SHIPPING

London, Wednesday, June 11.—Via Montreal—A strike of ship's stewards at Liverpool is holding up trans-Atlantic shipping from that port. All the Atlantic liners are affected.

ANGELS ENCAMPED NEAR CITY OF JUAREZ

HEADQUARTERS of General Felipe Angeles, Mexico, June 13.—General Felipe Angeles, commander of the rebel forces in the vicinity of Juarez, granted a four-hour interview to a correspondent of The Associated Press this afternoon. With General Angeles at his headquarters is Martin Lopez, next in command, Ramon Vega and General Holguin. General Angeles is in the best of spirits and says he is confident of his cause. The forces of General Angeles are well equipped, his cavalry horses are the best seen below the border and equal those of American cavalry. General Angeles is well supplied with funds and states he is paying for everything he obtains from the ranch folk. The most surprising thing is his men—they are not the ordinary run of revolutionists. They are big and strong, and when some were asked about Juarez, they smiled and said: "We can take Juarez in three hours."

General Felipe Angeles' headquarters are in an old house situated on a lae off the main road about 13 miles southeast of Juarez.

To reach his headquarters is a difficult task because his men appear every few yards. Some of his forces are armed with as many as three guns and as many cartridge belts filled to capacity with shells.

DR. PESSOA WILL ARRIVE JUNE 18

WASHINGTON, June 13.—Dr. Epitacio Pessoa, president elect of Brazil who is to visit the United States on his way home from France, will arrive at New York about June 18 on the French cruiser Jeanne D'Arc. Rear-Admiral William B. Caperton, who commanded American naval forces in South America during the war, has been detailed aid to the president-elect during his stay in this country.

Dr. Pessoa will be entertained by Secretary Daniels and other officials and will be taken to Rio de Janeiro on the super-dreadnaught Idaho, the newest battleship of the navy, when his visit ends. The Idaho is commanded by Captain C. T. Vogelgesang who assisted in establishing the Brazilian naval war college.

TO RECEIVE TURKS.

Paris, June 13.—(By the Associated Press)—The council of ten will receive the Turkish delegation now at Vauceson, a suburb of Paris, next Tuesday morning in the cloak room of the Quai d'Orsay and hear their statement concerning Turkey. The draft of the peace terms for Turkey will be postponed until after the delegation is heard.

TO HOLD SPECIAL MEETING.

Chicago, June 13.—A special meeting of magistrates of the Western league will be held in Kansas City, June 16, according to an announcement made today by President Al R. Tearney. The object of the meeting, Mr. Tearney said was to thresh out routine matters pertaining to league affairs and the discussion of the question of eligibility of certain players and the alleged use of the "shine ball."

HOLLAND WILL NOT JOIN BLOCKADE

Paris, June 13.—(By the Associated Press)—Holland has notified the peace conference that the government will not participate in a blockade against Germany in the event of the refusal of Germany to sign the peace treaty.

WIRE MANAGERS MEET

Springfield, Ill., June 13.—Public utility managers and operators of Illinois met here today and outlined plans for closer coordination in placing the post-war case of the industry before the public. Representatives of public utilities from the following cities attended the meeting: Rockford, Chicago, Macomb, Bloomington, Streator, Moline, Mattoon and Waverly.

HOLD WILKERSON TO GRAND JURY

Chicago, June 13.—Harry A. Wilkerson, of Cedar Rapids, Iowa was held to the grand jury in \$1,000 bonds today on a check which he presented at a hotel here. His father failed to honor the check.

PROPOSES PHILIPPINE INDEPENDENCE

Washington, June 13.—Independence for the Philippine Islands and their recognition by the United States is proposed in a bill introduced today by Representative Mason, Republican of Illinois.

TRAINMEN DEFER ACTION

Winnipeg, Man., June 13.—Trainmen and firemen brotherhood officers at 9:30 p. m. stated that so far as they knew no members of their organizations had joined the sympathetic strikes movement as scheduled at a meeting held last night. Some union men say action has been deferred until tomorrow. Railway company officials stated that traffic was moving normally.

PRISONERS' MUTINY ENDS

St. Louis, June 13.—An all night mutiny of 150 prisoners at the municipal work house here which followed a riot yesterday in which 15 were wounded, ended this morning when the men returned to their cells.

DECORATE GEN. CRONKHITE

Richmond, Va., June 13.—Major General Adelbert CronkHITE who commanded the 80th division in France has been decorated by the British government with the cross of Knight Commander of St. Michael and St. George.

EXAMINE RECORDS OF RUSS OFFICE

NEW YORK, June 13.—Representatives of the joint legislative committee which is investigating the activities of radicals in this state today began a detailed examination of correspondence, financial records and mailing lists seized yesterday when a raid was made upon the bureau of the Russian soviet government in this city. The committee announced intention of establishing truth of reports it received that the bolshevik "embassy" here was carrying on extensive propaganda. Papers seized yesterday indicated that the embassy had been in touch with individuals not only in this country, but in Central and South America. Mr. Martens protested to the state department at Washington against what he termed an "unwarranted and brutal raid" and an "uncalled for insult to the people of Russia."

Men's UNDERWEAR that stays in place and FITS, is sold by FRANK BYRNS Hat Store.

JOHN THOMPSON ARRIVES
Word has been received by Mr. and Mrs. Wm. Thompson, of Spaulding Place, that their son, John, has arrived at Newport News, from overseas and will be home soon.

All kinds of warm weather supplies at Knoles'.

A WAFFLE BREAKFAST

June 13, 1850, in Scarborough, England, a little boy appeared on the scene at the home of the Hopper family and they named him Charles. The same day in Joy Prairie a little boy was born at the home of J. C. Fairbank and he was called Allen. Allen didn't roam very much but the Hopper family came to this place and in time the two little boys became great friends, and although both have nearly reached the age of three score and ten years, the warm friendship still continues and they celebrated their double birthday yesterday morning by a waffle breakfast at the Peacock Inn, at which the two gentlemen were hosts to Mrs. Hopper, and son Charles, Dr. and Mrs. Briggs of California and C. E. Williamson of this city. A very pleasant time was enjoyed.

WORTH YOUR WHILE.

150 acres and near to Waverly and Franklin for \$21,000. A good farm for the price. For sale by the Upham Agency.

RETURNED FROM STATE MEETING

John H. O'Donnell returned yesterday from Peoria where he attended the sessions of the State Undertaker's association. Mr. O'Donnell reported a large attendance, royal entertainment and an interesting meeting. A. Y. Danielson of Moline was elected president of the association for the ensuing year. J. G. Reynolds and C. E. Williamson were also in attendance at the sessions.

ATTENTION, ELKS

Flag Day services at the Elks Club Rooms this evening, June 14th, 1919, at 8 p. m. All Elks are cordially invited.

T. C. MacVicar, E. R. E. P. Alexander, Secy.

FUNERAL NOTICE

Funeral services for Mrs. Harry Cully will be held from the residence, 409 West College street at 4 o'clock Sunday afternoon.

ODD FELLOWS SERVICES SUNDAY

Members of Odd Fellows and Rebekahs will hold Annual Memorial Services at First Baptist Church Sunday Afternoon at 3:30 o'clock.

Members of the Odd Fellows and Rebekahs will hold their memorial services at First Baptist church Sunday afternoon at 3:30 o'clock. The sermon will be delivered by the Rev. A. A. Todd. The Odd Fellows will meet at the Temple on East State street and the Rebekahs will meet at Odd Fellows Hall, West State street. The following program will be given:

EDUCATION BOARD PLANS BIG PROGRAM

Committee Will Study Needs of Methodist Church For Next Twenty-five Years—Dr. Harker Back From New York.

Dr. J. R. Harker has returned from New York, where he went to attend a meeting of the general educational board of the Methodist church. This meeting was called for the consideration of a number of matters relating to the general educational program of the church. After three conference on the subject it was determined to appoint a special committee representing all the educational interests of the church, including the Sunday school, the Epworth League, University senate, the board of education and the various other interests.

The committee will probably have a membership of forty and its duty will be to make a thorough survey or canvass of the whole situation and then outline a program which the members of the committee believe will fit the needs of the next twenty-five years.

This general committee will make its report to the board of education and then it will be transmitted to the general conference which meets in Des Moines in May 1920.

SPECIAL BARGAINS IN ALL DEPARTMENTS AT HERMAN'S READY TO WEAR AND MILLINERY HOUSE TODAY.

BOY SCOUT NOTES

Boy Scouts held an interesting meeting at Ebenezer church Friday night. Forty-five Scouts under the leadership of Scout masters Harry Walker and Fred Darr traveled to Ebenezer in the Andre & Andre and Johnson, Hackett & Guthrie trucks. Short talks were made by Scouts Jean Darr, Reginald Reid and Palmer Hunt. A demonstration was also given of first aid work and some others of the Scout activities. There was quite a group of Ebenezer boys present and they are anxious to organize a troop at once. Clyde Black took the names of these boys and the organization work will be begun very soon.

Special Program Today. This is the last day of Scout week and at 9 o'clock this morning in front of the offices of the Jacksonville Railway & Light Co. on South Main street, the ceremony of raising the flag will take place. At 2:30 o'clock there will be a Boy Scout parade and at 6 o'clock the flag will be lowered. At 7:30 a scouting demonstration will be given on the public square.

DON'T LET IT PASS.

120 acres and only five miles from Jacksonville and at \$275 an acre. On one of our very best roads and in a very choice section of Morgan county and for sale at the office of B. R. Upham.

FRESH VEGETABLES Spring Chickens and Spring Lamb at LECK'S MARKET

L. O. O. F. ATTENTION. Annual memorial services will be held at the First Baptist church Sunday, June 15, at 3:30 p. m.

CHOCOLATE PIES Another new "Filler" similar to the lemon, and equally good. Try a pkg today. **SCHRAG-CULLY Coffee Co.**

WILL ADVERTISE FOR BIDS FOR BUILDING

Board of Education in Special Session Instructs Architect to Prepare Form for Advertising for Bids—Other Matters Discussed.

The board of education met last evening in called session mainly to confer with Architect Royer regarding the specifications for the new high school building which occupied the main part of the session.

The request of the kindergarten board that the school board take over the kindergarten was refused.

Two janitors were employed during vacation; work was authorized with the open air school facilities; Mr. Royer was instructed to prepare advertisements for bids for the erection of the new building.

The Proceedings.

The board met in special session; all present except Member Muchhausen, Black and Metcalf; Pres. Lippincott in the chair. The call was for conference with Architect Royer and for the transaction of any business which might properly come before the board.

Detailed Specifications

The specifications presented by Mr. Royer were in what is known to printers as galley proofs. There were 59 pages or galley pages 20 inches long, double column ordinary type. Mr. Royer took each section without reading it in full and where there was any question it was discussed. It was decided to have two telephones in the building and not one to each room; hand pull fire alarm bells; standpipe of suitable size with hose connections to it would seem almost superfluous with such a well high fire proof building.

There will be three bids: the general structure; the heating; the plumbing.

Architect Royer explained that there was a variety of material which could be used and which would have an effect on the price. The bidders could specify regarding the price of each and the board could decide which might be used. For instance: there would be in some places several kinds of brick practicable; one kind would be a little more ornamental than another but more costly and so on.

Bids in July.

It was decided that all bids must be in the hands of President Lippincott on or before two o'clock July 28.

The matter of wiring was explained and care was taken to have it all conform to the law and serve the best purpose. It is wholly impracticable to give a detailed account of the transactions as there were so many minor affairs that came up for consideration. It was decided not to have a vacuum cleaner installed as it would cost something like \$1,500.

The matter of fire alarms was brought up. Supt. Perrin said the ordinary gong with hand pull served a very good purpose and demonstrated it with the one in the David Prince building to the satisfaction of the board and that kind will be in the new building. There are to be two drinking fountains in each corridor. The Webster vacuum heating and ventilating system will be used and a new 150 horse power boiler will have to be added to the plant.

Building Connection Proposed. There was an extended discussion over the question of connections between the new building and the David Prince. There is considerable passing to and fro between the two buildings and Supt. Perrin felt there should be connecting passageways built in as part of the buildings. Especially are they desirable for girls in winter. They had not been provided for and Mr. Royer said he would have to prepare plans for them if ordered. Some thought one would answer; some wanted two and some none. Definite action was not taken.

Member Hopper recommended the employment of Messrs. Fernandes and Wood during the summer as there will be plenty of repair work in the various buildings. It was agreed on condition that the men do this work themselves.

The Open Air School.

R. L. Dunlap appeared to ask the use of the open air school building for the summer. He said the Anti-Tuberculosis society had some funds and would like to continue the work of the school. It had been found that many pupils left the open air school in fairly good condition and lost their gain. The proposition was that Miss Ryman would have charge; give the children a free dinner each day and superintend garden work all at no cost to the board and no compulsory attendance of the children, but the effort would be to make it so attractive that they would want to attend. The request was granted.

The secretary was instructed to draw warrant for \$1,000 due Mr. Royer on account.

Mr. Royer was instructed to prepare advertising copy for bids to be inserted in two local papers and one outside.

The committee to whom was referred the request of the kindergarten board made its report which was adopted.

To the President and Members of the Board of Education.

Your special committee to which was referred the matter of investigating and reporting on the proposition of taking over the Free Kindergarten, begs to report as follows:

A careful survey of the financial situation of the board of education shows that the budget as already made up for next year has anticipated an expenditure of practically all moneys that can possibly be raised for school purposes. The necessity of paying our teachers a more nearly equitable wage and the huge problem of financing the erection of a high school building, together with repairs and upkeep of the other schools, and the ordinary running expenses, make a combination of problems which will require all available funds. The committee

tee recommends that the excellent quarters in the Lafayette school together with the upkeep—light, heat, and janitor service—be tendered free to the kindergarten board for use during the present year as has been done during the past year, and that the board reserve the original proposition for a future consideration when conditions may be more favorable.

Maude G. Parker.
W. P. Duncan,
H. A. Perrin, Supt.

Supt. Perrin presented his monthly report for May and June, 1919.

Enrollment
Year.....2220
Monthly.....1899

ROTARIANS PLAN FOR THE YEAR'S WORK

Directors Elected Officers Friday—Boy Scouts and Sgt. H. Jay Rodgers Guests of Club.

At the Rotary club luncheon Friday Rotarians had the opportunity of learning something about the Boy Scout movement from Scouts themselves and also listened to an interesting narrative by Sgt. Jay Rodgers, late of the 108th military police. Following the luncheon yesterday a business session was held and officers were named for the year:

President—H. M. Capps.
Vice president—W. L. Fay.
Secretary—Frank J. Heint.
Treasurer—F. J. Blackburn.

Scouts Gave Talk.
Scouts Jean Darr, Palmer Hunt and Reginald Reid, with Scoutmaster Walker, were present as guests of the club and spoke in a way which the Rotarians found very interesting and informing.

The boys told something of the general features of the present campaign and why in this national way support is being sought for the Boy Scout movement. Then an adequate idea was given of the training thru which the boys go and the requirements for meeting the Boy Scout obligations.

The last speaker told of what the Boy Scouts accomplished in patriotic work during the war period.

Sgt. Rodgers in a very modest way told about the duties of military police and summed up a brief history of Co. B. He said that about one-third of the men went into the machine gun company, one-third into the artillery and one-third into the military police, after they had been sent to Camp Logan, Co. B men went overseas in May, 1918, and the sergeant described the arrival at Brest, following an exciting attack by a group of submarines. The speaker told of the several movements of the company until they reached the headquarters of the 33d division.

Long Service at Front.
Sgt. Rodgers told how the men of the 33d were in the front line activities for a period of forty-one days without relief, taking part in the great Meuse-Argonne battle. After that long stretch of service they were transferred to the Tryone sector and were there when the armistice was signed.

Members of the military police in their later work were in Luxembourg and Sgt. Rodgers gave a very interesting description of this little country, fifty miles in length and about half that in width. An army of 250 men is maintained and this force really serves more as a constabulary than as an army. The people speak German altho the sympathy of many has all along been with the French. The American soldiers were received with the greatest courtesy and especially at the time of the signing of the armistice, the residents seemed to be glad of every opportunity that was afforded to add to the pleasure and comfort of the soldier visitors.

Sgt. Rodgers made mention of the death of Lieut. Harrison Dickson, formerly of Co. B. The officer altho attached to another company spent several hours with men of the military police the day before the sniper's bullet put an end to his useful life.

The men present at the luncheon yesterday greatly enjoyed Sgt. Rodgers' talk, for there has been unflinching interest in the movement of Co. B. The men in this company volunteered for service and went into the conflict so early that their movements were naturally followed with special interest.

HOME COMING FINANCE PLAN IS OUTLINED

Conference of Workers Held at Library Friday Night—Emphasis Given That This Is an All County Celebration—The Allotments.

The meeting of the finance committee for the Home-coming celebration called for Friday night at the public library by Chairman Henry Frisch was well attended. In addition to the city workers there were men and women present from many of the country precincts and workers from still other localities sent word that they were interested and would do their part. The general finance plan was outlined by Mr. Frisch and his associate, Dr. Kopperl, and it was shown that the quotas for the different districts and precincts were figured out on a percentage basis on the same plan as that followed by the Red Cross organization.

A Short Campaign.
Considered in a county wide way the sum to be raised is not large and it is proposed to do all the soliciting, speedily and to compete the campaign by Tuesday night. The list and all necessary supplies can be found at the office of Dr. Kopperl on the east side of the square. Members of the committees who were not at the conference last night or did not secure supplies are requested to call at the office of Dr. Kopperl for them. The welcome home posters may also be secured there.

The several quotas as announced indicate that the large part of the sum total is to be paid by the people of Jacksonville. As has been done before, it was made clear at this conference that the county celebration has been planned as the result of instructions received from the American Red Cross society. It has been the suggestion of the Red Cross that these celebrations be held in county seats of all states because it is recognized that there could not well be a definite program of celebrations except thru a county plan.

No Private Gain.
There is no thought of financial or business profit in the celebration for practically all stores in Jacksonville will be closed all day July 4 and so there will not be any special amount of business done even if the town is full of visitors. Aside from the patriotic reasons, most of the stores will not be open because experience has proven that people do not attend celebrations on the 4th of July with business intent. The several quotas as announced last night by the chairman are as follows:

The Allotments.
Business district.....\$2,500
First ward.....200
Second ward.....400
Third ward.....200
Fourth ward.....500
Jacksonville No. 1.....78
Jacksonville No. 6.....75
Jacksonville No. 7.....95
Jacksonville No. 12.....116
Alexander.....150
Arcadia.....60
Centerville.....65
Chapin.....113
Concord.....100
Franklin.....160
Littlerberry.....70
Lynnville.....60
Markham.....55
Meredosia.....150
Murrayville.....150
Nortonville.....83
Pisgah.....75
Prentice.....62
Sinclair.....85
Waverly.....250
Woodson.....95

YOUR GOOD CHANCE.
50 acres at \$150 an acre. A desirable farm in this country; in only one mile from Manchester—in Scott Co. For sale by B. R. Upham.

MRS. CANNON'S STATEMENT
Mrs. Glenn Cannon, whose name was mentioned in connection with an automobile accident in Friday's paper, yesterday requested the statement that when she turned the corner of the street near where the collision occurred, that she was on the right side. Mrs. Cannon said the driver of the other car is inexperienced and that it was because sufficient room was not given the Cannon car that the collision occurred.

FUNERAL NOTICE.
The funeral of the late Charles Beauchamp of Meredosia precinct will be held Sunday afternoon at 3:30 o'clock.

MARRIAGE WILL BE SOLEMNIZED TODAY.
The marriage of Miss Veda Lucille Colby and Mr. Glenn Wood Howard will be solemnized at 9 o'clock this morning at the home of Miss Colby's mother, Mrs. Augusta C. Waggoner on West College street. The ceremony will be performed by Rev. W. R. Leslie, pastor of Centenary church.

FOR SALE
While I am at home, I am offering for sale my residence property on Mound Avenue.

Mrs. D. R. Browning

SOME INTERESTING PICTURES
Everett Waters has quite a collection of kodak pictures taken on French soil, some sad and others not so. One picture of the cannon that sent a shell sixty miles into Paris; several battle fields are shown, some where the fallen heroes still lie; transports moving and all manners of scenes pertaining to the war. Some pictures of German devastation are sad beyond measure.

JUST RUN YOUR Hoover

IT BEATS...

AS IT SWEEPS

AS IT CLEANS

Worth Waiting For

Carpets contain three kinds of dirt: (1) Buried grit (2) Clinging litter (3) Surface dirt.

Three cleaning processes are therefore necessary: (1) Beating (2) Thorough sweeping (3) Suction cleaning.

Only The Hoover Electric Suction Sweeper beats... as it sweeps... as it suction cleans.

That is why The Hoover is in greatest demand, why its makers are the world's largest, why a Hoover is worth waiting for even though plenty of other types are always to be had.

See Hoover display in center window. No change in price
